

MCS-03

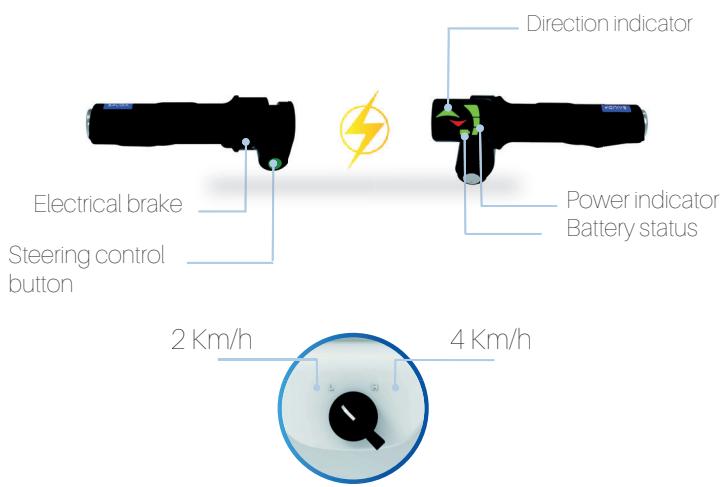

Motorised medical cart

Motorised medical cart with adjustable speed, ergonomic control, priority brake, anti-push safety feature and shock-absorbing castors for uneven floors. Ideal for transporting heavy loads easily and safely in medical environments.

-  Manual mode available
-  Front-rear motorisation with electric brake
-  Easy manoeuvring without physical effort
-  Central pivot for tight turns
-  Secure key usage
-  Easily replaceable battery

FEATURES

TECHNICALS SPECIFICATIONS

Weight capacity	150 kg
Drive wheel	4' diameter x 1.6' wide Net weight 1.5 kg Shock absorber
Roulette size	5' diameter x 1.3' width Performa rubber Temperature range: -10°C ~ 50°C
BOP battery specifications	<p>Universal battery, capable of powering all types of computers</p> <ul style="list-style-type: none"> Up to 8 hours of battery life Anti-tear power cable connector supplied Lightweight at 1.5 kg Quickly rechargeable, directly externally via mains power
Control system	<p>Safety brake: electromechanical parking brake Direction change: forward and reverse Safety protection: power on/off key switch</p> <p>Signal indicator: direction indicator and battery charge level indicator</p> <p>Forward speed section, slow mode at 2 km/h ; fast mode at 4 km/h Reverse: 1.5 km/h</p>

ACCESSORIES

SGD+ES-2
Glove dispenser
268 x 100 x 148 mm

SSC+ES-2
Sharp objects container
145 x 145 x 148 mm

SBH+ES-2
Bottle holder
354 x 88 x 108 mm

SMS+ES-2
Multiple storage
320 x 135 x 148 mm

SFW+ES-2
Wheeled bin
265 x 165 x 320 mm

SO2+ES-2
Oxygen cylinder holder
150 x 125 x 395 mm

SCH+ES-2
Catheter holder
125 x 100 x 400 mm

SSH+ES-2
Vacuum machine support
382 x 215 x 95 mm

SIV
Pole IV

SDS
Defibrillator shelf
355 x 355~415 mm

STB-1
Organiser bins (L)
600 x 120 x 148 mm

STB-2
Organiser bins (S)
603 x 106 x 253 mm

S-AB
Accessory bridge
800 mm

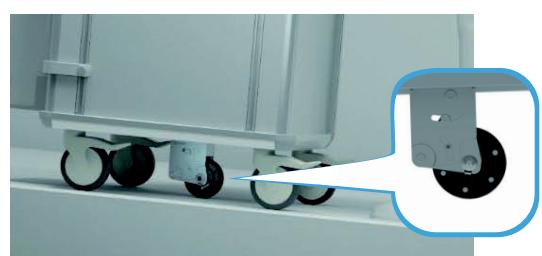

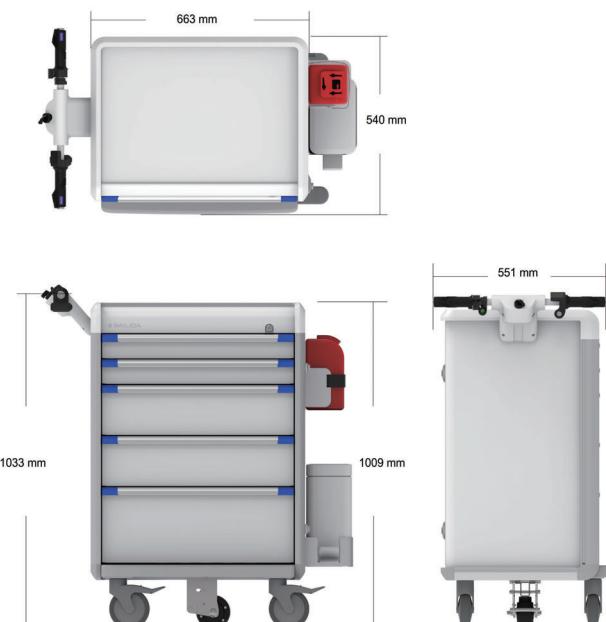

SBS-1
Bulk storage bins (L)
75 x 105 x 190 mm

SGD
Glove dispenser
268 x 100 x 148 mm

SBH
Bottle holder
354 x 88 x 108 mm

Shock absorber
to overcome uneven
ground and ramps
